

Professional Summary

Results-driven Full Stack Developer with over 2 years of comprehensive experience in programming and development. Extensively skilled in JavaScript, TypeScript, HTML, Tailwind CSS, React, React Native, and Vue. Demonstrated expertise in Android development and automotive mobile applications, with a significant track record at Polestar where enhancements were made to in-car app performance and user experience. At NewSplitter, specialized in building scalable mobile and web applications utilizing Node.js and Amazon services. Proficient in web security practices and agile methodologies. Committed to continuous learning and eager to effectively contribute to a dynamic team that values innovation.

SKILLS

- **Programming Languages:** JavaScript, HTML, CSS, TypeScript, Kotlin, Java, Python, C++,C#.
- **Frameworks and Libraries:** React, React Native, Vue, .Net, Angular
- **Automotive and Mobile Development:** Android
- **Backend Development:** Node.js
- **Cloud Services:** Amazon DynamoDB, AWS
- **Web Security:** Secure Application Development, Salt, Bcrypt, JWT, Encryption Techniques, Data Protection.
- **Version Control :** Git, CI/CD
- **Methodologies:** Agile, Kanban,Jira
- **Databases:** SQL, MySQL

SKILLS IN PROGRESS

- **DevOps:** Learning Docker and Kubernetes for containerization and orchestration.
- **Learning Azure Technologies:** Expanding skills in Azure cloud services and microservices architecture.
- **Microservices Development:** Gaining expertise in building scalable, modular applications in cloud environments like Azure and AWS.

WORK EXPERIENCE

**Fullstack Developer** May 2024 - Present  
NewSplitter, Malmö

- Developed and maintained mobile and web applications using React, React Native, and Android, resulting in a 20% increase in user engagement.
- Implemented Amazon DynamoDB and AWS solutions, improving database efficiency and reducing downtime by 15%.
- Utilized JavaScript and Node.js for serverless architecture with Lambda expressions, enhancing application scalability and performance.
- Collaborated with cross-functional teams to deliver scalable solutions for diverse projects, achieving 100% project delivery on time.

**Automotive and Mobile App developer(Intern)** Nov 2023 - May 2024  
Polestar, Göteborg

Key Contributions:

- Developed in-car mobile applications using React and React Native, enhancing user experience and reducing load times by 25%.
- Utilized TypeScript and Vue for robust and maintainable code development, resulting in a 30% decrease in bugs.
- Applied Java and Kotlin skills to enhance application performance and integrate advanced functionalities.
- Managed the entire app development lifecycle, from concept to delivery and post-launch support, ensuring a smooth release process.

**Frontend Developer, Project Work(Trainee)** Nov 2022 - Oct 2023  
JENSEN yrkeshögskola Göteborg.
